I. Call Meeting to Order

Glen Walker called the meeting to order.

II. Approval of Minutes from July 26, 2023 [VOTE]

After confirming there were no questions, comments, or changes, Mr. Walker requested a motion to approve the July 26, 2023 Finance and Audit Committee Meeting Minutes.

Motion by Brain Yeargain Seconded by Jennifer Seamons. Approved by unanimous vote.

III. FY23 Audit Report [VOTE]

Anne Sorenson highlighted the adjustments that were made to the financials after the August board meeting (since the last time the committee reviewed the numbers) due to year end transactions. She also reviewed the FY23 financial statements including some of the construction projects the Foundation has been involved in, and the fact that the endowment increased by \$10M bringing the total return to 9.85%. Investments increased from \$192M to \$209M this fiscal year, and endowment corpus increased by \$6.2M. Endowment return was 9.25%, as opposed to -13.2%, and overall assets were \$224M (up from the \$200M at close of 2022). Lastly Ms. Sorenson reviewed the footnotes, including one new footnote number sixteen, then she opened the floor for questions.

Questions were addressed around specific financial points, and Lee Miller shared that they did not have any negative findings, or control items to report, (i.e. that this was a clean audit). His team followed up on documentation recommendations from last year and found no further concern. They did assist with an in-depth review of one transaction the \$2M ESI pledge to the Construction Management Building. It

was determined that this was a conditional pledge from an accounting perspective and staff adjusted the financials accordingly.

The question of having adequate staffing was also addressed. Mr. Miller was impressed with the timeliness and responsiveness of staff given the short turn around for the audit, and this is an ongoing discussion recognizing the need for continued cross training opportunities, rather than simply meeting adequate coverage.

Rachelle Brower was introduced as our new faculty representative for the Finance and Audit Committee, she is a lecturer of accountancy in the College of Business and Economics. She and any students of hers who might benefit from participating in our meetings have been invited (the way we have faculty and students attend our Investment Committee).

Ellen Duncan, senior manager with Eide Bailly, reviewed the auditor opinion, and Lee Miller reviewed the required communications. They restated that this was a clean unmodified audit opinion.

Mr. Walker called an Executive Session with the auditors, and staff stepped out of the room.

Paul Powell called for a vote to approve the draft if there are no substantial changes, and that any changes will be approved by the chair and co-chair of the committee, based on this vote.

Motion by Bernadette Madarieta Seconded by Jason Manning Approved by unanimous vote

IV. FY24 YTD Financials

Paul Powell presented the financials for the first month of the fiscal year.

All Funds Balance Sheet

- Additional pledge receivables over \$1M between June 30 and July 1.
- Endowment Portfolio decrease of \$2.9M due to transferring \$4.8M for scholarships and general distributions.

Income Statement for All Funds

• \$2M in gifts for the month.

Foundation Budget Report

- Gift fee was about half the average; this is not unusual for July. All other revenue sources were on plan.
- No unusual expenses most are spread across the twelve-month period, with software and services being the one exception, and those hit first part of July.
- The first quarter transfer to University Advancement was based on the FY23 budget by mistake, and the shortfall was paid in August.

Unrestricted Balance Sheet

• Unrealized loss on the Clearwater Portfolio, this is an accounting loss of about \$5M.

V. Payments over \$25,000

Paul Powell provided a breakdown of these payments, and Ms. Bilgic noted that these were not included in the electronic version that went out to the committee a week prior to the meeting.

VI. University use of FY23 Budget

Paul Powell shared the report from University Advancement of how transferred funds were spent over the last year. These are not related to the campaign budget, which will be presented at the next Finance and Audit Committee meeting. Mr. Powell stated that there was nothing unusual about the expenditures.

Action: Present Campaign Budget Update.

VII. Finance & Audit Charter

Alison Bilgic reviewed the suggested changes to the charter. Question from Bernadette Madarieta around cyber security and whether is falls within this committee's purview.

Suggested change to make the policy review on a three-year cycle.

Glen Walker called for a vote to approve the charter with that change, and clarification on cyber security Motion by Bernadette Madarieta
Seconded by Brain Yeargain

Approved by unanimous vote

VIII. Other Business

No other business was presented.

Memo

SUBJECT: Conflict of Interest Policy Statement Discussion

MEETING DATE for REVIEW: 1/22/2024

REFERENCE: Conflict of Interest Policy of 4/9/2008 revised on 1/27/2010, other university

foundation's conflict of interest policies (i.e. Uofl Conflict of Interest Policy).

Background:

The Conflict of Interest Policy was last updated in January 2010, and is due for review.

Updating the formatting to bring it in line with the new Foundation Policy format.

After reviewing our existing policy and comparing with other university foundation's conflict of interest policies including that of University of Idaho, we have drafted the attached Redline version. Updating some of the language to provide clarity, simplify, remove redundancies and non-exhaustive lists in favor of definitions, or to make it more current and follow industry standards.

We have also shortened the Appendix which should be signed when a new board member joins the board and/or annually. That point is up for discussion. We trust that if conflicts should arise our board members will communicate those, and by signing they acknowledge that they've received the policy, understand it, and are willing to live up to that expectation, so perhaps it is unnecessary to re-sign annually. We also feel it is enough to ask if someone has a conflict rather than go through each possible scenario where a conflict may exist; hence the simplification of the disclosure.

Note(s):

- We have also included the old policy for reference.
- This draft is also under review by our legal counsel.

Boise State University Foundation

Conflict of Interest Policy

Effective date: January 2010

Latest review: January 2024

Introduction &I.—Purpose:

The Boise State University Foundation, Inc. ("Foundation") is a nonprofit, tax-exempt organization. Maintenance of its tax-exempt status is important both for its continued financial stability and for public support. Therefore, the IRS as well as state regulatory and tax officials view the operations of the Foundation as a public trust which is subject to scrutiny by and accountable to such governmental authorities as well as to members of the public.

Consequently, there exists between the Foundation and Responsible Persons (defined below) and the public a fiduciary duty which carries with it a broad and unbending duty of loyalty and fidelity. Responsible Persons have the responsibility of administering the affairs of the Foundation honestly and prudently, and of exercising their best care, skill, and judgment for the sole benefit of the Foundation. Those persons will exercise the utmost good faith in all transactions involved in their duties, and they will not use their positions with the Foundation or knowledge gained therefrom for their personal benefit. The interests of the organization must be the first priority in all decisions and actions.

The purpose of the Conflict of Interest Policy is to protect the Foundation's interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of any Responsible Persons of the Foundation. This policy is intended to supplement but not replace any applicable state laws governing conflicts of interest applicable to nonprofit and charitable corporations.

II. Responsible Persons Definitions:

- 1. Responsible Persons any directors, officers, all-employees and others who can influence the actions of the Foundation ("Responsible Persons"). Anyone who has direct or indirect financial interest (defined below). For example, this would include all who make purchasing decisions, all persons who might be described as "management personnel," and anyone who has proprietary information concerning the Foundation.
- Related Party Transaction any transaction, agreement or any other arrangement in which a Related Party has a Financial Interest (defined below) and in which the Foundation is a participant.
- 3. Financial Interest A person has a financial interest if the person has, directly or indirectly, through business, investment, or family:
 - a. an ownership or investment interest in any entity with which the Foundation has a transaction or arrangement,
 - b. a compensation arrangement with the Foundation or with any entity or individual with which the Foundation has a transaction or arrangement, or
 - c. a potential ownership or investment interest in, or compensation arrangement

with, any entity or individual with which the Foundation is negotiating a transaction or arrangement.

<u>Compensation includes direct and indirect remuneration as well as gifts or favors</u> that are substantial in nature.

A financial interest in not necessarily a conflict of interest. A person who has a financial interest may have a conflict of interest only if the appropriate governing board or committee decides that a conflict of interest exists.

- 4. Conflict of Interest a conflict of interest may exist when a Related Party:
 - a. owes a duty to more than one person or organization,
 - b. has Financial Interests that are potentially inconsistent with the interest of the Foundation, or
 - c. has any interest in or engages in Related Party Transaction.

This statement is directed to Directors, Officers, all employees and others who can influence the actions of the Foundation ("Responsible Persons"). For example, this would include all who make purchasing decisions, all persons who might be described as "management personnel," and anyone who has proprietary information concerning the Foundation.

III. Areas in Which Conflict May Arise:

Conflicts of interest may arise in the relations of Responsible Persons with any of the following third parties:

- 1. Persons and firms supplying goods and services to the Foundation.
- 2. Persons and firms from whom the Foundation leases property and equipment.
- 3. Persons and firms with whom the Foundation is dealing or planning to deal in connection with the gift, purchase or sale of real estate, securities or other property.
- 4. Competing or affinity organizations.
- 5. Donors and others supporting the Foundation.
- 6. Agencies, organizations and associations which affect the operations of the Foundation.
- 7. Family members, friends, and other Responsible Persons.

IV. Nature of Conflicting Interest:

A conflicting interest may be defined as an interest, direct or indirect, with any persons or firms mentioned in Section III. Such an interest might arise through:

- 1. Owning stock or holding debt or other proprietary interests in any third party dealing with the Foundation.
- 2. Holding office, serving on the Board, participating in management, or being otherwise employed (or formerly employed) with any third party dealing with the Foundation.

3. Receiving remuneration for services with respect to individual transactions involving the Foundation.

- 4. Using the Foundation's time, personnel, equipment, supplies, or goodwill for other than Foundation approved activities, programs and purposes.
- 5. Receiving personal gifts or loans from third parties dealing or competing with the Foundation. Receipt of any gift is disapproved except gifts of a value less than \$50 which could not be refused without discourtesy. No personal gift of money should ever be accepted.

V. Interpretation of this Policy:

The areas of conflicting interest listed in Section III, and the relations in those areas which may give rise to conflict, as listed in Section IV, are not exhaustive. Conflicts might arise in other areas or through other relations. It is assumed that Responsible Persons will recognize such areas and relation by analogy.

The fact that one of the interests described in Section IV exists does not necessarily mean that a conflict exists, or that the conflict, if it exists, is material enough to be of practical importance, or if material, that upon full disclosure of all relevant facts and circumstances it is necessarily adverse to the interests of the Foundation.

However, it is the policy of the Board that the existence of any of the interests described in Section IV will be disclosed before any transaction is consummated. It will be the continuing responsibility of Responsible Persons to scrutinize their transactions and outside business interests and relationships for potential conflicts and to immediately make such disclosures.

IIVI. Disclosure Policy and Procedures:

Transactions with parties with whom a conflicting interest exists may be undertaken only if all of the following are observed:

<u>1.</u>

<u>Duty to Disclose</u> – in connection with any actual or possible conflict of interest and/or any actual or proposed Related Party Transaction, a Related Party must disclose, in good faith, the existence of his or her Financial Interest and all material facts concerning such interest to the director and members of committees with Board-delated powers considering the proposed transaction or arrangement. The conflicting interest must be fully disclosed.

Responsible Persons who are not members of the Board of Directors or who have a conflict of interest with respect to a contract or transaction that is not the subject of Board or Committee action, will disclose to their supervisor, the Executive Director, or the Board chair any conflict of interest that such person has with respect to any contract or transaction. Such disclosure will be made as soon as the conflict of interest is known

to the Responsible Person. The Responsible Person will refrain from any action that may affect the Foundation's participation in such contract or transaction. A supervisor will inform the Executive Director of any such conflict of interest. The Executive Director will bring the matter to the attention of the Board or Executive Committee.

<u>Disclosure involving Directors will be made to the Board Chair (or if she or he is the one with the conflict, then to the Board Vice-Chair) who will bring these matters to the Board or the Executive Committee.</u>

Information acquired in connection with disclosures of conflicts of interest or potential conflicts will be treated as confidential and will generally be made available only as necessary for the implementation of this Policy.

1.

- 2. <u>Determining Whether a Conflict of Interest Exists</u> after disclosure of the Financial Interest and all material facts, and after any discussion with the Related Party, he or she shall leave the Board or committee meeting while the determination of a Conflict of Interest is discussed and voted upon. The remaining Board or committee members shall decide if a Conflict of Interest exists. The conflicting interest must be considered by the Board, or, if appropriate a Committee of the Board.
- 3.1. The person with the conflict of interest will not participate in or be permitted to hear the Board's or Committee's discussion of the matter except to disclose materials facts and to respond to questions. Such person will not attempt to exert his or her personal influence with respect to the matter, either at or outside the meeting.
- 4. The person with the conflict of interest with respect to the contract or transaction that will be voted on at a meeting will not be counted in determining the presence of a quorum for purposes of the vote. The person who has the conflict of interest may not vote on the contract or transaction and will not be present in the meeting room when the vote is taken, unless the vote is by secret ballot.
- 3. Procedures for Addressing the Conflict of Interest.
 - a. the The person with the conflict of interest will not participate in or be permitted to hear the Board's or Committee's discussion of the matter except to disclose materials facts and to respond to questions. Such person will not attempt to exert his or her personal influence with respect to the matter, either at or outside the meeting.
 - b. the person with the conflict of interest with respect to the contract or transaction that will be voted on at a meeting will not be counted in determining the presence of a quorum for purposes of the vote. The person who has the conflict of interest may not vote on the contract or transaction and will not be present in the meeting room when the vote is taken, unless the vote is by secret ballot.
 - c. If the matter involves a Related Party Transaction the chairperson of the Board or committee shall appoint a disinterested person or committee to investigate alternatives to the Related Party Transaction.

d. The Board or Committee will consider whether a competitive bid or comparable valuation exists: the Board or committee shall determine whether the Foundation can obtain, with reasonable efforts, a transaction or arrangement more advantageous to the Foundation from a person or entity that would not give rise to a Related Party Transaction.

e. if a more advantageous transaction or arrangement is not reasonably attainable under circumstances that would not give rise to a Related Party Transaction, The Board or committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in the Foundation's best interest and for its own benefit and whether the transaction is fair and reasonable to the Foundation and shall make its decision as to whether to enter into the transaction or arrangement in conformity with such determination.

The Board or Executive Committee will determine whether a conflict exists and in the case of an existing conflict, whether the contemplated transaction may be authorized as just, fair, and reasonable to the Foundation. The decision of the Board or Executive Committee on these matters will rest in their sole discretion, and their concern must be the welfare of the Foundation and the advancement of its purpose.

4. Violations of the Conflict of Interest Policy

- b. if, after hearing the response of the member and making such further investigation as may be warranted in the circumstances, the Board or committee determines that the member has in fact failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

III. Records of Proceedings:

Each Responsible Person will be provided with and asked to review a copy of this Policy and to acknowledge in writing that he or she has received, read, understands, and agrees to comply with the Policy. Any changes to the Policy will be communicated to all Responsible Persons.

Annually, each Responsible Person will complete a disclosure form (Addendum) identifying any relationships, positions or circumstances in which s/he is involved that he or she believes could contribute to a conflict of interest.

6. The Board or Executive Committee must determine that the transaction is in the best interest of the Foundation.

Responsible Persons who are not members of the Board of Directors or who have a conflict of interest with respect to a contract or transaction that is not the subject of Board or Committee action, will disclose to their supervisor, the Executive Director, or the Board chair any conflict of interest that such person has with respect to any contract or transaction. Such disclosure will be made as soon as the conflict of interest is known to the Responsible Person. The Responsible Person will refrain from any action that may affect the Foundation's participation in such contract or transaction. A supervisor will inform the Executive Director of any such conflict of interest. The Executive Director will bring the matter to the attention of the Board or Executive Committee.

Disclosure involving Directors will be made to the Board Chair (or if she or he is the one with the conflict, then to the Board Vice Chair) who will bring these matters to the Board or the Executive Committee.

Information acquired in connection with disclosures of conflicts of interest or potential conflicts will be treated as confidential and will generally be made available only as necessary for the implementation of this Policy.

I. Purpose:

The Boise State University Foundation, Inc. ("Foundation") is a nonprofit, tax-exempt organization. Maintenance of its tax-exempt status is important both for its continued financial stability and for public support. Therefore, the IRS as well as state regulatory and tax officials view the operations of the Foundation as a public trust which is subject to scrutiny by and accountable to such governmental authorities as well as to members of the public.

Consequently, there exists between the Foundation and Responsible Persons (defined below) and the public a fiduciary duty which carries with it a broad and unbending duty of loyalty and fidelity. Those persons will exercise the utmost good faith in all transactions involved in their duties, and they will not use their positions with the Foundation or knowledge gained therefrom for their personal benefit. The interests of the organization must be the first priority in all decisions and actions.

- 2. Holding office, serving on the Board, participating in management, or being otherwise employed (or formerly employed) with any third party dealing with the Foundation.

- 3. Receiving remuneration for services with respect to individual transactions involving the Foundation.
- 4. Using the Foundation's time, personnel, equipment, supplies, or goodwill for other than Foundation-approved activities, programs and purposes.
- Receiving personal gifts or loans from third parties dealing or competing with the Foundation. Receipt of any gift is disapproved except gifts of a value less than \$50 which could not be refused without discourtesy. No personal gift of money should ever be accepted.

V. Interpretation of this Policy:

The areas of conflicting interest listed in Section III, and the relations in those areas which may give rise to conflict, as listed in Section IV, are not exhaustive. Conflicts might arise in other areas or through other relations. It is assumed that Responsible Persons will recognize such areas and relation by analogy.

- 4. The person with the conflict of interest with respect to the contract or transaction that will be voted on at a meeting will not be counted in determining the presence of a quorum for purposes of the vote. The person who has the conflict of interest may not vote on the contract or transaction and will not be present in the meeting room when the vote is taken, unless the vote is by secret ballot.
- 5. The Board or Committee will consider whether a competitive bid or comparable valuation exists.
- 6. The Board or Executive Committee must determine that the transaction is in the best interest of the Foundation.
